A1 Microwave

Web: http://www.A1Microwave.com

Email: A1sales@A1Microwave.com

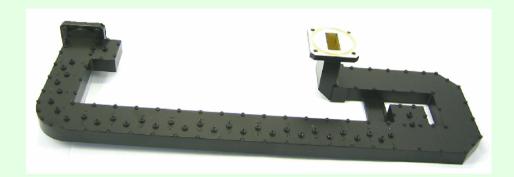

A1 Microwave is a leading designer and manufacturer of filters, diplexers, power combiners, couplers and adaptors for satcoms, telecoms, radar, medical and scientific applications.

A1 Microwave also provides standard and custom waveguide components and assemblies including: straights, bends, twists and flexibles.

A1 Microwave is ITAR free and provides a **Fast delivery and No NRE** (on standard designs) by using sophisticated in-house design and simulation software, all new **designs are "right first time"** allowing the design to move from the design computer to the machine shop without the need for prototyping. **Stock filters available for immediate despatch**.

A1 Microwave has full in house CNC machining, turning, brazing, hard and soft soldering and bending facilities.

Ordering information :- Model number PB1183WA X-band Satcom Receive Filter

Built in notches and a lowpass filter to give an extended upper stopband - designed for broad band receiver protection in X band satcoms applications.

Passband 7.25 to 7.75 GHz

Passband insertion loss 0.45 dB typical

Passband return loss 20 dB min

Passband group delay variation 4.8 ns typical

Rejection: from 7.9 to 8.4 GHz 85 dB min

Upper stopband extends to 28 GHz

Overall length 420 mm nominal

Flanges PBR 84 (alternative flanges and coax interfaces available)
