Email: A1sales@A1Microwave.com

A1 Microwave is a leading designer and manufacturer of filters, diplexers, power combiners, couplers and adaptors for satcoms, telecoms, radar, medical and scientific applications.

A1 Microwave also provides standard and custom waveguide components and assemblies including : straights, bends, twists and flexibles.

A1 Microwave is ITAR free and provides a **Fast delivery and No NRE** (on standard designs) by using sophisticated in-house design and simulation software, all new **designs are "right first time"** allowing the design to move from the design computer to the machine shop without the need for prototyping. **Stock filters available for immediate despatch.**

A1 Microwave has full in house CNC machining, turning, brazing, hard and soft soldering and bending facilities.

Ordering information :- Model number **PB1072WA** X-band Satcoms Transmit Magic Tee

Designed for X band satcoms power amplifier applications for combining two transmitters.

Passband	7.9 to 8.4 GHz
Passband insertion loss	0.05 dB typical
Passband return loss	22 dB typical
Phase match	0.4 degrees typical

Weight	475 g
Flanges	UBR 84 (alternatives available)
